

PUBLIC EDUCATION FORUMS (PEF)

Education is a large part of JBN mandate. We strive for continuing learning among our employees and through public educational events we wish to inform you, our patients and friends. We advocate an improved way of health care delivery, where patients are active participants rather than passive recipients of care. We believe that equipped with knowledge patients can make informed decisions and greatly influence their results.

These talks are prepared by JBN Medical with assistance of third party educational grants.
